WI-FI SERIES

1. INTRODUCTION

The Alexa skill allows controlling CLIMASTAR WI-FI version heating devices through the Amazon Echo. The skill is available in the Amazon marketplace with the name Heating Control:

For English language version:

https://www.amazon.co.uk/VDI-S-L-Heating-Control/dp/B079JWXZND/

For Spanish language version:

https://www.amazon.es/VDI-S-L-Heating-Control/dp/B079JWXZND

2. INVOCATION NAME

The invocation name is "*heating control*". All the commands to be done with this skill have to start with "*Alexa, ask heating control to…*"

It is also possible to say "*Alexa, open heating control* " and then the command.

3. COMMANDS

These are the commands to follow after "*Alexa, ask heating control to…*" or "*Alexa, open heating control* "

To switch Node (device) Off:

… "*[Switch/turn] off the kitchen [heater/thermostat]*"

To switch Node (device) On:

… "*[Switch/turn] on the kitchen [heater/thermostat]*"

To set node (device) in Auto Mode:

… "*Set auto mode [at/in] kitchen [heater/thermostat]*"

To set node (device) in Manual Mode:

… *"Set manual mode [at/in] kitchen [heater/thermostat]"*

To set node (device) Temperature (for example 21°C):

… *"Set 21 degrees [at/in] kitchen [heater/thermostat]"*

To get Node (device) Temperature:

… *"Get kitchen [heater/thermostat] temperature"*

… *"What's the temperature of kitchen [heater/thermostat]"*

To get the House Temperature:

… *"Get the house temperature", "Get house temperature", "What's the house temperature?", "What's the temperature at home?", "What's the temperature in the house?"*

To set the House Temperature (for example 22°C):

… *"Set 22 degrees in the house", "Set 22 degrees at home"*

To switch the House Off:

… *"Switch off the house", "Switch off home"*

To switch the House On:

… *"Switch on the house", "Switch on home"*

4. NODE (DEVICES) NAMES

The nodes or devices have to be named with any of the names on the following list:

Living room, room, hall, big room, small room, medium room, main room, kitchen, dining room, toilet, bedroom, bed, hallway, spare room, room small, room large, middle room, lounge, office, dressing room, hall stairs, study, radiator, Master bedroom, Kids bedroom, Den, Orangery, Foyer, Passage, Landing, Corridor, Garage, Extension, Nursery, Kids room, Parlour, Sitting Room, Best Room, Gym, Bar, Attic, Cellar, Porch, games room, basement, closet, laundry, pantry, patio, playroom, staircase, sun room, TV room, Music room, workshop.

It is also possible to set a number after the name. For example, "Room 1" and "room 2".
